EAST OAK

EAST OAK Pan Stove™ Series

INTRODUCTION

We're happy to see you join the East Oak family! Our Pan Stove™ PVC Cover is perfect for camping, van life, backyard barbecues, and everything in between. We're committed to designing products that protect you, your goodies, and your family from any damage or injury. Thank you for trusting us!

FEATURES

PROTECTION: Preserve your camping stove with our long-lasting pan stove cover. Whether it's raining, snowing, or really hot, our covers protect your stove from any natural damages.

WEATHERPROOF: These pit covers are designed with PVC-coated polyester, which prevents water from accumulating at the top of your stove or fire pit. This means you can enjoy your fire place much longer than the average.

ERGONOMIC AND CONVENIENT: We've made it easier to handle the covers and put away your fire pit. Use the accessible handle on the top of the cover and place it over your cooled down heat source. No extra movements involved.

PORTABLE AND COMPACT: When you're not using the cover, it's super compact. Fold it up and put it away in an East Oak deck box or closet.

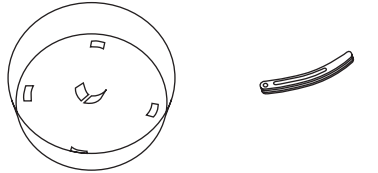

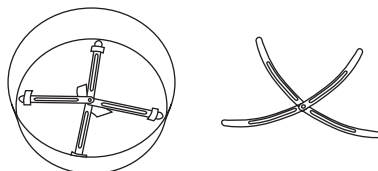

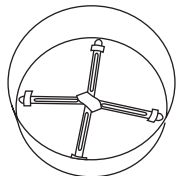

⚠ WARNING

This product may expose you to chemicals, like DEHP, which are known to the State of California to cause cancer, birth defects, or other reproductive harm. For more information, please visit www.P65Warnings.ca.gov.

BEST PRACTICES

For safety, we recommend to use the cover only once the stove or fire pit has completely cooled down.

INSTRUCTIONS

- 1** Flip the cover to expose the bottom.

- 2** Open the aluminum frame stays, insert it into the four straps.

- 3** Tie down the middle strap, and it's done.
